ACRES PROMOTED

COMPANY OVERVIEW

Land and development work, coordinated with care.

Karam Land Promoters is a Tamil Nadu-based company whose model is simple: we provide the land, then handle solar, wind, and farmhouse project work for clients who need ready sites and reliable execution. We work with landowners, investors, and EPC partners on land identification, documentation support, handover, and on-ground project coordination. The company is led by Proprietor N. Antony and is rooted in the Arakkonam region.

Land Promotion

Land identification and aggregation, documentation support, and handover.

Solar Energy

Solar site layout, grid support, EPC coordination, and on-site development work.

Wind Energy

Wind-suitable land identification, access planning, clearance support, and coordination.

Farmhouse Estates

Farmhouse land, layout planning, infrastructure work, and plot handover.

PROJECT PORTFOLIO

Existing project records

Project names and available details shown as listed by Karam Land Promoters.

Arakkonam Solar Belt

Near Arakkonam · 25 MW ground-mount · Land aggregation and evacuation planning.

Vadamambakkam Solar Parcel

Vadamambakkam · 5 MW distributed site · Structured land parcels for local IPP.

Coastal Wind Corridor

Multi-turbine land block · Access road and clearance support.

Highland Wind Ridge

Phase-wise land promotion · 12 turbine slots.

Green Haven Estates

Gated farmhouse plots with clubhouse zone and landscaped entry.

Jayanagar Farm Villas

Premium weekend villa plots near Mangammapettai corridor.
